SAVAGE STRATEGIC SOLUTIONS LLC

CAPABILITY STATEMENT

Savage Strategic Solutions LLC helps organizations turn priorities into workable plans, coordinate complex initiatives, prepare teams for change, and adopt AI with purpose. Based in Orlando, Florida, S3 offers consulting and workshop services for commercial organizations, public agencies, and prime contractors.

CORE COMPETENCIES

Project, Portfolio & PMO Support

Project planning, portfolio prioritization, PMO setup and improvement, governance, stakeholder coordination, and executive reporting.

Implementation & Transformation

Business and technology implementation planning, delivery oversight, coordination across departments, and preparation for organizational change.

AI Readiness & Adoption

Business use case identification, readiness assessment, adoption planning, and guidance that connects AI opportunities to workflows and people.

Leadership & Team Cohesion

Research-informed workshops on trust, communication, shared goals, inclusion, constructive conflict, recognition, and remote collaboration.

FOUNDER'S RELEVANT EXPERIENCE

- Executive leadership of project management teams and oversight of business and technology initiatives across multiple industries.
- Professional experience spanning ERP, HR and accounting systems, data governance, knowledge management, and retail and construction initiatives.

Experience above reflects Dr. Savage’s prior employment and professional leadership.

WHY S3

Leadership and delivery

Executive perspective grounded in project planning and implementation leadership.

People and change

Research with U.S. IT project managers informs team workshops and change support.

Business-focused AI

AI adoption education connected to business priorities and people.
